Radon Levels in Georgia Counties

Percentage of homes tested with levels 4.0 pCi/L and above

- **36% and above**
- **29% - 35%**
- **22% - 28%**
- **15% - 21%**
- **8% - 14%**
- **1% - 7%**
- **Insufficient Data**

4.0 pCi/L is EPA’s Radon Action Level. EPA recommends that you fix your home if your radon level is 4.0 pCi/L or above.

* Testing data are from individuals who self-selected to test their homes for radon.

Data reflect test results from radon kits distributed through the UGA Extension Radon Program from March 2003 to May 2014. Counties with fewer than 15 radon test results are not included.
