Five ways to c.o.n.n.e.c.t with FACS

1. You’re on the move.
   Update your personal and business information on the FACS website - www.fcs.uga.edu/alumni/update_info.html. Don’t forget to update your email address, too.

2. Like “UGA FACS Alumni” on Facebook.
   We know Facebook isn’t the hippest wave in social media, but for now it is an easy way to stay current on the latest FACS news.

3. Promote FACS to your high school.
   Now that you’ve graduated from UGA, stop by your high school and tell the guidance counselor and teachers what a great educational experience you had at FACS.

4. Email your favorite faculty member to say hello.
   Faculty have invested a bit of themselves in your education; email your favorite UGA professor and share your successes and what your plans are.

5. Start your legacy by giving today.
   It’s easy to support current students by giving online at www.fcs.uga.edu/
