Where to find the codes?

What's the Difference between IPMC and the IRC?

- The IPMC is the ***general*** code for maintaining property in ***safe*** and ***working*** condition.
- The IRC is the ***technical*** code for proper repair and construction of deficient items.

**The IPMC is the code which is used to generate the Notice of Violation.

Why do we need laws like this?

- Vacant Dilapidated Houses
- Occupied Housing in Decline
- Drug Crimes & Prostitution
- Attractive Nuisances
- Junk Motor Vehicles
- Littered Streets and Sidewalks
- Overgrown Lots and Yards

Prior to adopting these codes our only option was to demolish dilapidated houses at a cost of \$3500 to \$5000 per house.

Vandalism

Copper Theft = \$Thousands

Broken Windows = \$The Same

The things we hear!

- What do you **expect** for \$350/Month
- You know how **those** people are.....
- If they would **pay their rent** we could fix it!
- What do you expect with an **Economy** like this?
- I can't spend that much on a **house like this**.....
- Don't you have better things to do than to ride around looking for problems. **Why don't you...**

Housing Stock works like any other Stock!

- Its value fluctuates with the market...
- There is Good stock and Bad stock...
- Some are Low risk, Some are High risk...
- Some are Short term, Some are Long term...
- Some are Blue Chip, Some are Junk.....
- Ultimately it is the Investors job to do the math and decide how to respond....
