

Dear Participant,

We are writing to you because the information from your Nutrition and Health Screen identified some nutrition and health concerns. We are sending you some information that might help you deal with these issues.

If you would like to see a nutrition professional for more help planning healthy meals, choose a hospital or public health office from the attached list to call and make an appointment.

Fees for nutrition counseling will vary. Medicare and Medicaid are accepted at most offices.

You may be asked for a doctor's order to make an appointment for nutrition counseling.

If you are having any problems with the medicines you take, please talk with your doctor or pharmacist.

Sincerely,

Northeast Georgia Community Care Services Program
Athens, GA
