Carin Booth, Hall Count Agent

Education: BSFCS University of Georgia

Programming focus: Food Safety and Preservation; Positive Development for Individuals, Families, and Communities; Chronic Disease Prevention/Healthy Lifestyles

Family and Consumer Sciences Programming in Hall County focuses on healthy lifestyles for families and individuals. Researched-based educational programs and materials are available to residents in Hall County in the areas of chronic disease prevention, healthy lifestyles, food preservation and food safety, including ServSafe manager courses. Our practical skills approach involves educational opportunities that will increase participants' awareness of healthier life choices. Hall County FACS also provides the Expanded Food and Nutrition Education Program (EFNEP). The program's mission is to improve the nutritional health of vulnerable populations.

County media: WDUN, Glory 1330, The Gainesville Times

UGA Extension offers educational programs, assistance and materials to all people without regard to race, color, national origin, age, gender or disability.
