**GICH Impact in Georgia**

Since 2005, 71 communities have participated on local housing planning teams and have directly benefited from the program.

“As part of the City of Auburn’s strategic plan, we joined the program to better understand our housing needs through an assessment. The team we put together was a community building experience in and of itself. We planned and toured and learned together. Our community assessment showed the need for affordable housing for our senior citizens. Although it took two years, we now have senior apartments that fit right in with our city. The entire city has benefitted from the GICH experience - our planning department, our codes and enforcement officer, our team. This is a vital program to all cities.”

– Mayor Linda Blechinger, City of Auburn
