

LOCAL COVID-19 TESTING OPTIONS

The options below are recommended for **UGA faculty and staff**. UGA students should contact the University Health Center to access testing services. **Note:** Only PCR nasal test sites are listed here, as this is the accepted diagnostic tool used to determine if a person has the virus and is at risk of spreading it to others.

1 GEORGIA DEPARTMENT OF PUBLIC HEALTH

Address: 1030 Mitchell Bridge Road, Athens, GA 30606

Notes: Free testing for uninsured and underinsured; Appointment only; 7-14 days for results.

8 CONTACT YOUR PRIMARY CARE PROVIDER

If you have a primary care provider, contact them during their business hours and ask about access to COVID-19 testing. Many local providers (especially those in the Piedmont system) will conduct a telehealth appointment and then refer you to receive a nasal swab test. **Note:** St. Mary's healthcare does not have outpatient testing available at this time.
