Susan Moore, Laurens County Agent

Education: B.S. Armstrong Atlantic State University

Programming focus: Chronic Disease Prevention/Healthy Lifestyles, Food Safety and Preservation, Positive Development for Individuals, Families and Communities

Serving in a dual role, 67% of my time is spent as the Family & Consumer Sciences Agent for Laurens County – where I conduct child care provider training, food safety (including ServSafe Manager and Employee trainings), nutrition, and chronic disease prevention education. I also conduct Powerful Tools for Caregivers training and classes on parenting, budgeting, green cleaning, and canning & home food preservation. For youth, I teach nutrition, basic hygiene classes, and financial management. The remainder of my appointment supervises two Expanded Food and Nutrition Education Program Assistants in adjacent counties. This program provides research-based nutrition education to low-income families with children teaching them to purchase and prepare nutritious meals on a budget.

County media: The Courier Herald, TV 35; Radio Y96; 92.7.

UGA Extension offers educational programs, assistance and materials to all people without regard to race, color, national origin, age, gender or disability.
