

# Sustained a Spinal Cord Injury and considering returning to work?

## EMPLOYMENT after Spinal Cord Injury (SCI)

The Preparing for Employment project is looking to support 50 individuals with newly acquired spinal cord injuries in employment endeavors.

UPDATE!

Now assisting  
people with  
SCI from 2010  
until now!

### Individuals will receive:

Access to a short, but comprehensive online curriculum about civil rights, assistive technology, employment in times of crises, and managing bureaucracy. Addition to the course, ongoing individualized technical assistance in locating and using resources supporting your employment goals.

### Eligibility Requirements:

Individuals who:

- Sustained a spinal cord injury (2010 until now)
- Live in Georgia
- Interest in returning to work or starting a new career
- Can commit to participate in all project activities
