Student Care & Outreach: The Hub of Care and Support

WATCH OUR VIDEO. CLICK HERE
SCO: Hub of Care and Support

Serving often as the **starting point** for students, families, faculty, and staff, who are navigating stressful events:

- Academic issues
- Substance abuse
- Change in financial situation
- Emotional distress
- Mental health resources
- Death of a family member or friend
- Social and adjustment issues
- Complex family issues
SCO: Hub of Care and Support

Building an individualized network of support for each student (non-clinical case management)

Tailoring interventions to the specific circumstances of each student
Direct support
- Resource for resources
- Responding to faculty and staff concerns
- Collaborating with parents and families without sharing private information

Gathering information
- Documenting student interactions across campus in order to build an individualized plan for students

Providing interventions
- Hardship Withdrawals
- Absence notifications
- Incidence Response
- Embark@UGA – Housing insecurity

Outreach
- Using data to identify students for proactive outreach
- Trainings for faculty, staff, and students
Building an Individualized Network of Support - Example

- SCO Staff
- Academic Advisor
- Disability Resource Center
- Faculty
- Social Support
