Brooke Walker, Whitfield County Agent

Education: B.S. Food Science & Technology Alabama Agri. & Mechanical University; M.S. Clinical Nutrition East Tennessee State University

Programming focus: Chronic Disease Prevention/Healthy Lifestyles

My primary responsibilities are supervising and training paraprofessionals in the implementation of the Expanded Food and Nutrition Education Program (EFNEP). This involves planning and coordinating nutrition education programs targeting EFNEP eligible audiences. Whitfield County EFNEP objectives are improving the diet and health of the family, improve practices in food safety, and increase family ability to manage funds that are associated with food. I also collaborate with the North Georgia Health District working as a Women's Infants and Children (WIC) Nutritionist providing individual client nutrition and diet counseling. The WIC program objectives includes advising clients and their families on nutritional principles, implement dietary-care plans, and counsel individual and families on basic rules of good nutrition.

County media: Dalton Daily Citizen and La Voz (Spanish) newspaper.

UGA Extension offers educational programs, assistance and materials to all people without regard to race, color, national origin, age, gender or disability.
