 College of Family and Consumer Sciences  
 UNIVERSITY OF GEORGIA

NEW UGA RESEARCH STUDY

# Bulldog Family Study

If your child is between **12-14 years old** and you live in Georgia, we invite you to participate in our study!

- > up to \$130 for the parent
- > up to \$60 for the child
- > a picture of your child's brain
- > visit to UGA's Sanford Stadium

**our goal:**  
**IMPROVING LIVES OF  
 FAMILY AND YOUTH**

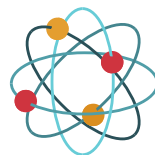

We aim to investigate how families and communities influence **youth decision making** and to assist parents and children to thrive in all types of circumstances and avoid risky behaviors

## WHAT'S INVOLVED IN THE STUDY

### HOME VISIT

After completing a consent form, the participating child and their parent will complete a **series of surveys** and **computer-based tasks**

### LAB VISIT 1

Families will be invited to our lab at **UGA** to provide:

- video-taped interactions
- computer-based tasks
- health-related data via electrodes and saliva

### LAB VISIT 2

Your child will participate in an **MRI brain scan** and receive a picture of their brain!

Risks associated are minimal but include potential MRI-related accidents and emotional stress from questionnaires. However, safety screening will be conducted to ensure your child's safety

**If interested, please contact us to determine eligibility!**
